

Christmas lantern with characters

Reindeer, snowman and penguin in felt

What is included

- 8 sheets in A4 size.
- Suggested full-size pieces.
- Cutting quantities and layers.
- Placement and assembly marks.
- Stitching and scale guide.

Before printing

Choose Actual size / 100% and disable Fit to page.
Check the 10 mm rectangle on each sheet. The suggested final size of the assembled ornament is approximately 36 cm high.

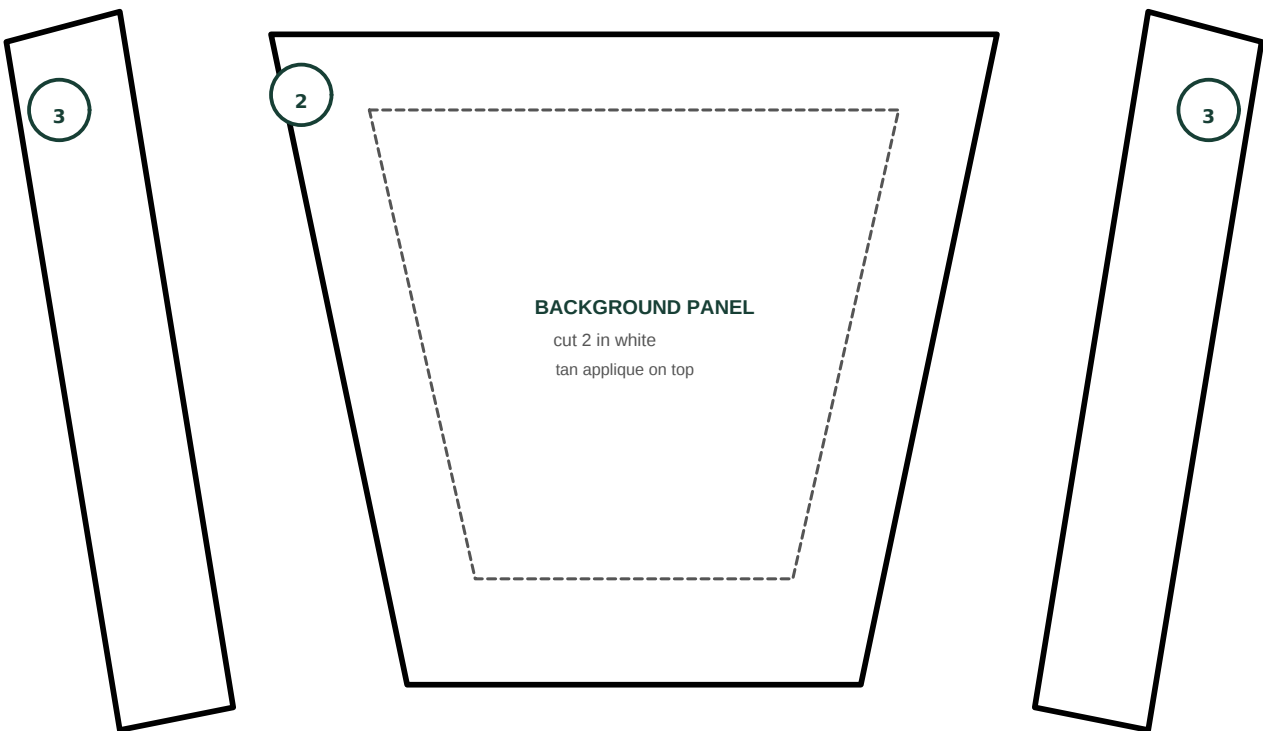

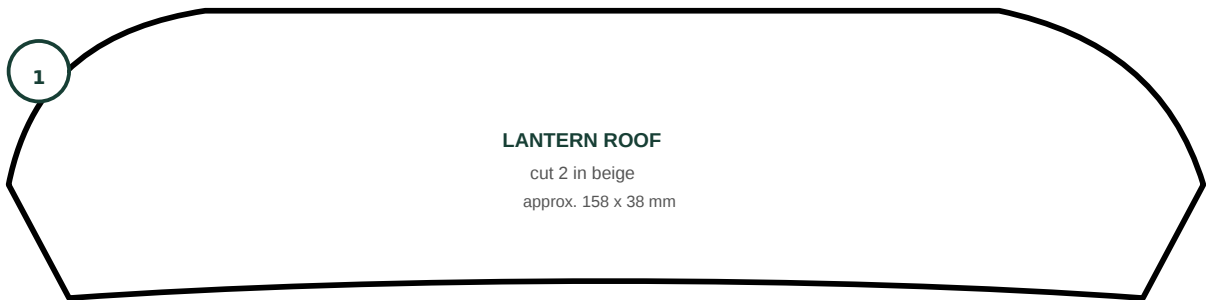

Recommended materials

1 to 2 mm felt in beige, white, red, green, brown, black, orange and yellow; thin batting; embroidery floss; needle; precision scissors; fabric glue; erasable marker and tape to join the pattern pieces.

LANTERN

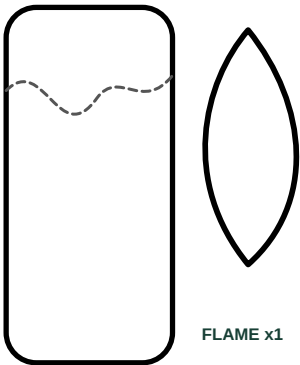

Main top pieces - solid line = cut

FRAME SIDES - cut 2 in beige

LOOP x2

CANDLE
cut 1 in white

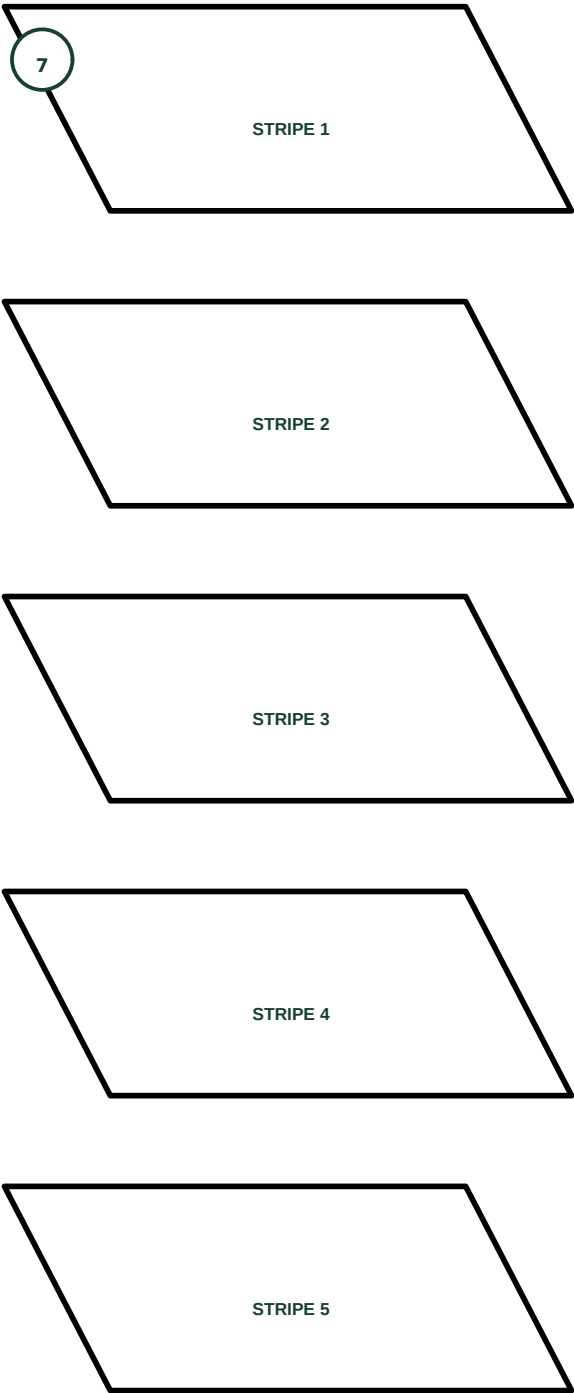

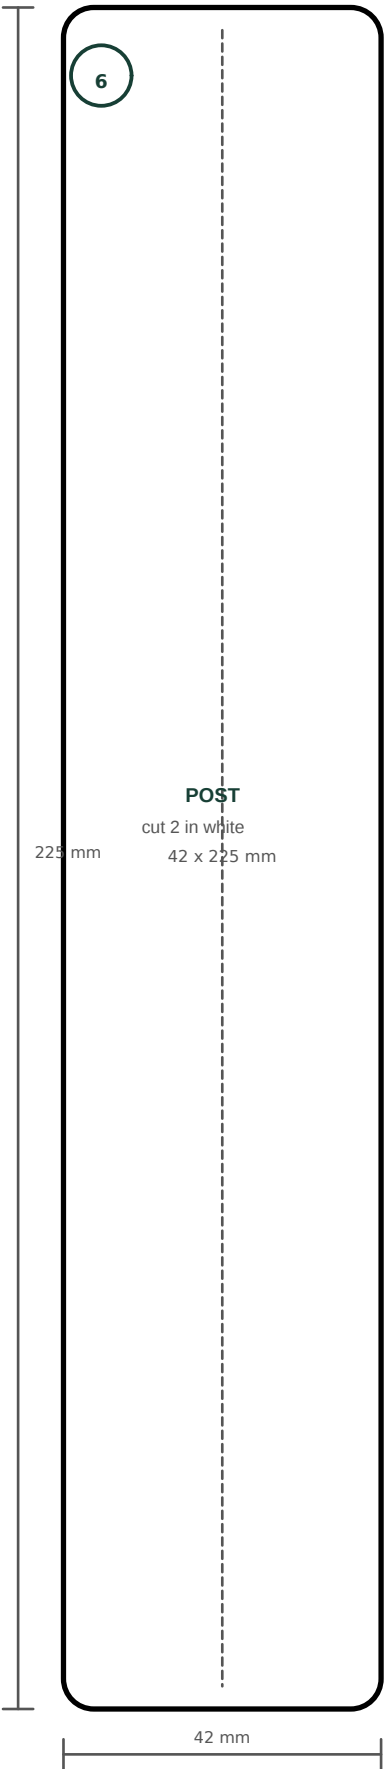

FLAME x1

Frame assembly

Place the white panel behind the sides and crossbar. The roof covers the upper joints.

STRIPED POST

White body with red appliques - suggested height: 225 mm

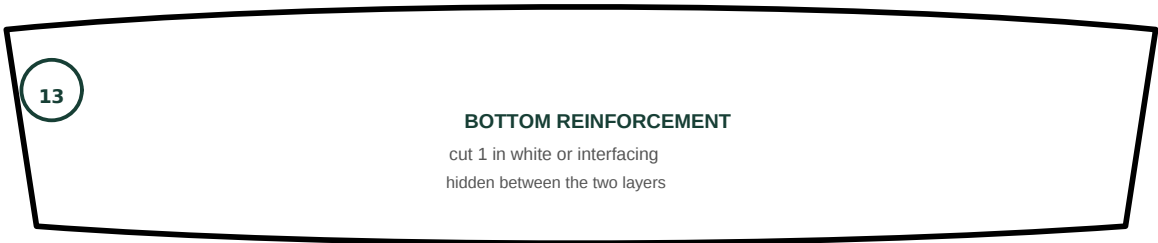

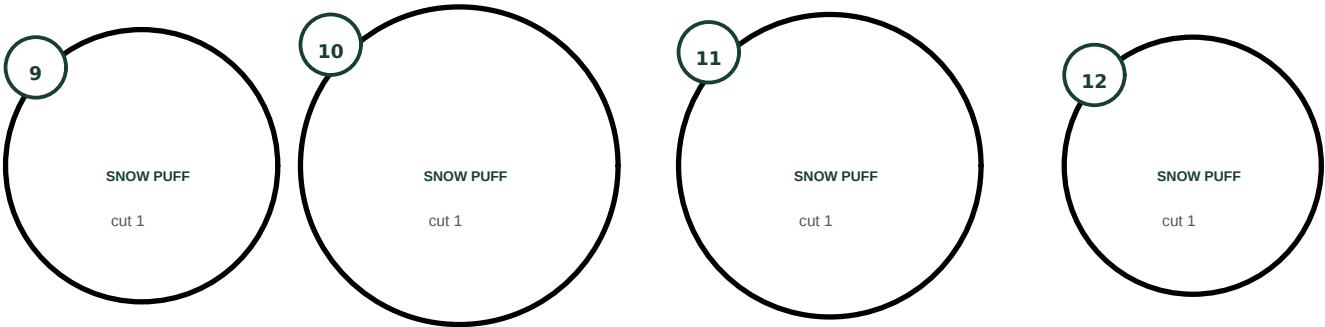

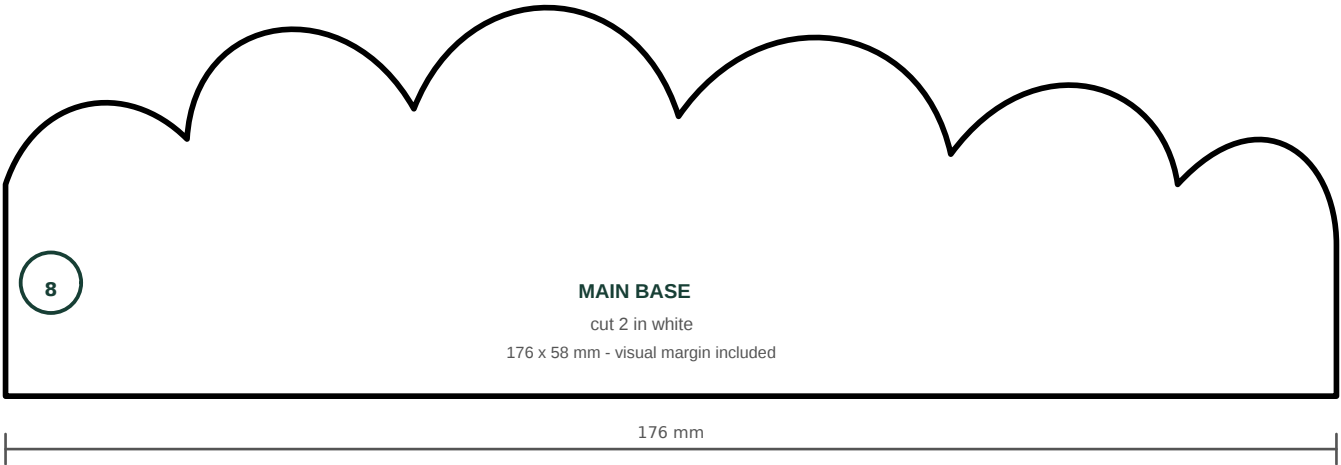

CUT 5 IN RED

Pieces extend past the edge; trim flush

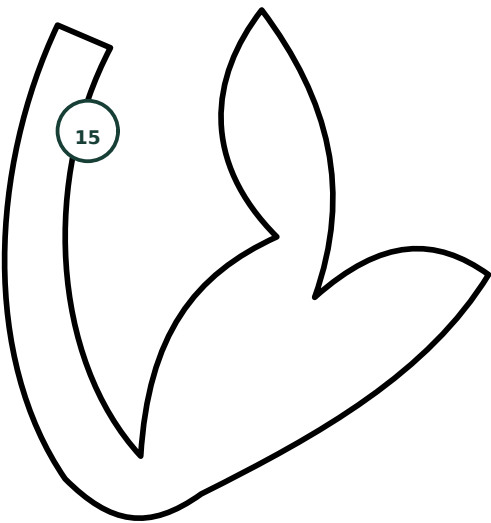

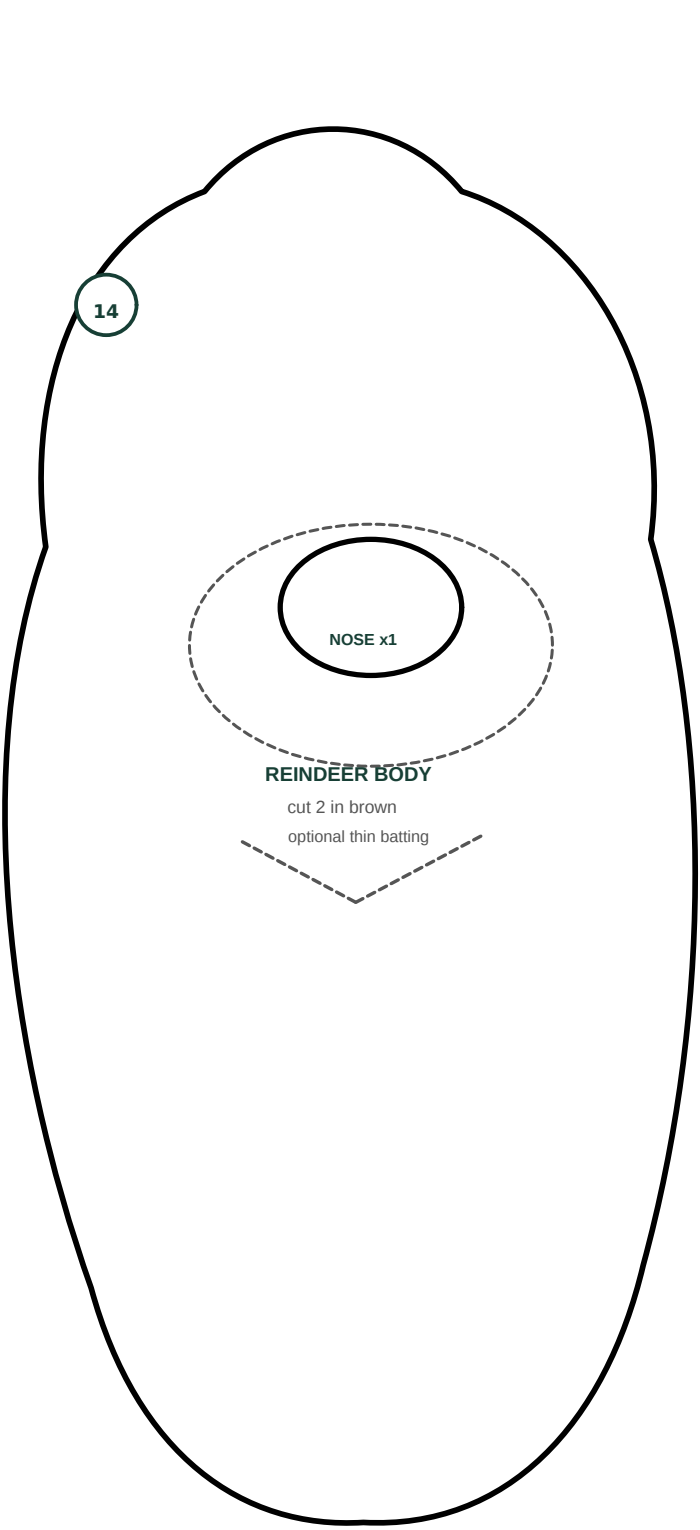

Glue or baste the stripes before closing the two post layers.

Tip

Layer order

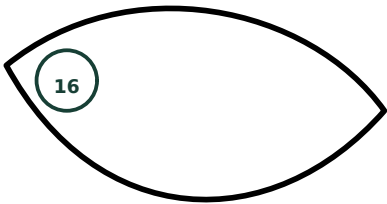

Inner reinforcement - back base - post - characters - front base - decorative snow puffs.

Black silhouette, white belly, wing and Santa hat

BLACK BODY
cut 2
optional thin batting

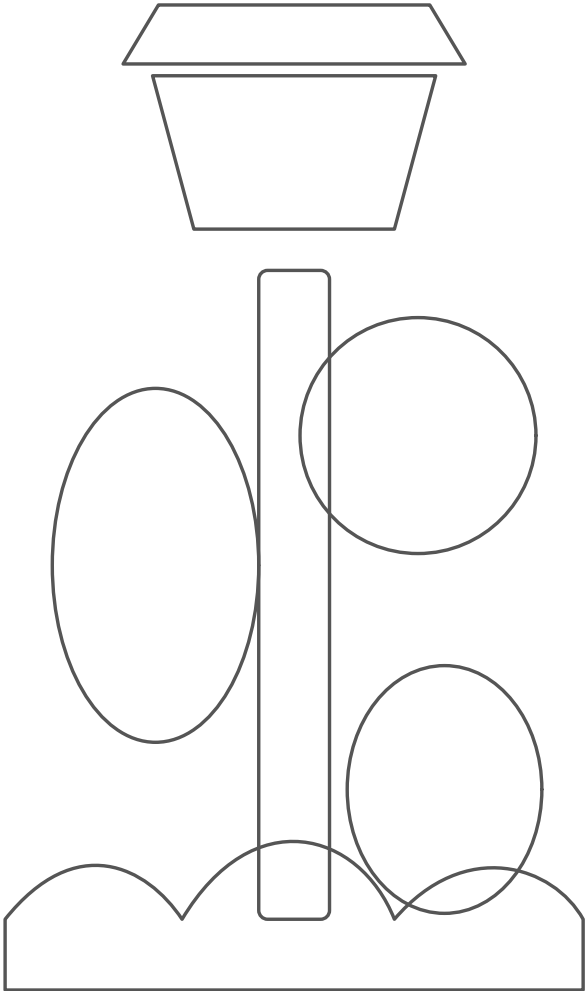

WHITE BELLY
cut 1
center on the body

WING
cut 2 in black

29

BEAK - 1 yellow

10 mm

REFERENCE VIEW

Do not use as a cutting pattern

1

Lantern

Assemble the white panel, beige frame, candle and roof.

2

Post

Apply the five red stripes and trim the excess flush.

3

Characters

Prepare the reindeer, snowman and penguin separately.

4

Layers

Place the reindeer at the back left and the snowman at the back right.

5

Penguin

Place it in front, lower right, overlapping the post.

6

Base

Insert the end of the post between the two layers of snow.

7

Closing

Recommended blanket stitch

Use even 3 to 4 mm stitches without pulling too tight. For a cleaner finish, match the thread to the color of each piece.
